

THE FRATERNITY OF COSMIC SONS AND DAUGHTERS

By accepting and using this symbol -
you consciously acknowledge to your earth-self your sincere
intention to try and understand the Cosmic Principles of Life
and to live as a son or a daughter of the Cosmic Family, recognizing the Cosmic
Father-Mother Origin of which you are a child, as is all of Creation in the Cosmos.

The symbols in the center are of Cosmic nature and are recognized by consciously alerted individuals, whether of this, or other worlds. The first symbol depicts the Creative Father Principle, the second symbol, the Mother Principle. If you will observe the related lines of each symbol, you will find more and more revelations coming to you as to their all-inclusive meaning.

The Intelligence, Father creative principle, and the receptive Mother principle of Matter, are present in every form. All forms must breathe, even the rocks and the grain of sand, and that breath is received from the Cosmic Father-Intelligence. So you can see that all life is interrelated.

The full, rich expression of our Unlimited Heritage is the Birthright of every man, woman, and child, and every living thing. The visitors from the sister planets of our solar system endeavor to live in the constant awareness of this birthright. They will recognize the symbols used by you. And they will know also, if you sincerely desire to understand more about your Cosmic Home and to live in the fullness of Life for which you were created.

Our old thought habits try to keep our conscious thoughts enslaved within the world of effects; that which we can see, hear, taste and smell. So we must be on constant guard and insist that our mortal mind be aware/at all times/of its cosmic unity and dependence upon all other forms. Thereby a respect towards all alike becomes a habit. This attitude will in time replace the judgements, condemnations, greed and selfishness that we waste so much time and energy in expressing today.

FIRST, you should have in mind that all form life, regardless of how high or low it may be privileged to serve, is the expression of its Cosmic Origin.
SECOND, you should look upon all creation and treat it as you would like to be treated for all creation embodies the Cause, the Father-Mother Principle.
THIRD, look upon all form creation as an effect of a cause. Learn to see the effect, and the cause, at the same time, not separate as before. No effect can manifest without the cause that supports it. We in the human family have been seeing the effect which is the form, hardly ever seeing the cause that produces the effect.

In Matthew 16:15-17, Jesus asked of his disciples, "Whom say ye that I am?" Simon Peter answered, "Thou art the Christ, the son of the living God." Then Jesus said to him, "Blessed art thou, Simon Barjona; for flesh and blood hath not revealed it unto thee, (meaning the form) but my Father which is in heaven." (The word heaven meaning Cosmic or Cause Intelligence.) In other words Peter recognized the effective form known as Jesus, expressing the Cause, or Cosmic Father, whom he called Christ. Also, read John 14:8-13. The people of Venus and other planets have evolved by living this.

There is a service you may render to mankind by becoming a living example of your Cosmic Birthright. Then others will want to know what you have and in time this will become world-wide knowledge. We, and the generations to come can enjoy the fruits of our efforts and the peoples of earth will live the type of life they were intended to have.
